The triangle of land at the approach to St Hilary from the A48 is continuing to be used as a ‘dumping ground’ with fly tipping of garden waste and other rubbish being left on the ground. A resident had contacted Councillor Llewellyn expressing her concerns and asking for Council’s help. The land is Council owned and the Vale Council used to maintain it. Clerk will contact the Vale Council to ask if they can assist with the problem.

 The Clerk advised that she had received the following response from One Voice Wales in regard to the Council’s request to press the Welsh Government for their final decision on the recommendations for changes to the Town and Community Councils Boundary Review in the Vale of Glamorgan:
“As reviews are complex and changes not being implemented until the next Election, we also have to wait for Welsh Governments decision. Due to previous reviews, One Voice Wales have a process and presentation in place which will be shared with councils at the appropriate time. We hope that this helps”.
 Members were disappointed with the response but not surprised.
- 8.3 **Payments to Members of the Community Council – 2023/2024.**
 The Clerk advised Members that the payments made to Councillors are to be reported to the Independent Remuneration Panel for Wales by 30th September each year.
 This has been reported and will be posted on the Community Council’s website.

 The papers relating to the Audit had been circulated to Members. Audit Wales have marked the audit for the year ended 31st March 2024 as unqualified (a pass).

- 13.10 E-mail from a resident concerned about recent drone activity in the Flemingston, St Mary Church and St Hilary farmland which, it is stated, is connected to private companies surveying land for solar panel developments. It is felt that this activity is motivated by financial gain rather than the best interests of the environment and local communities. The writer feels that the Vale of Glamorgan Council and the Welsh Government should focus more on supporting Welsh farming rather than commissioning giant PLC's to 'degrade the land'. The e-mail states that Lightsource BP has confirmed that the surveying is intended for additional solar panel installations in the area. Members discussed the e-mail and understand the concerns of the local community. As a Council, the Members can only make observations on such activity when planning applications are received for any solar panel installations. The Clerk to respond advising the resident of that and suggesting that the concerns are taken to the local MP; Vale of Glamorgan Council and the local MSs.
All items were forwarded to Councillors prior to the meeting and were noted.

Suggestion made that an item entitled 'Correspondence from Residents' is listed on the agenda.
